Modified Toledo Style Rules

1. All APA rules apply in addition to these modified Toledo Rules, including the 23 rule.
2. This is a Round Robin tournament. Each team plays every other team once.
3. Each match will be 1 set of 5 (five) 8-ball games between the teams involved. Each individual set between one player from each team will be ONE GAME ONLY. Only one rack will be played between each player of each team.
4. Each captain must declare their 5 shooters before each set of matches, and list them in descending order (highest to lowest skill levels) as players #1 through #5. That list determines the player match-ups that will be played. 5 players SL cannot exceed 23. Every player on your roster MUST have 3 games played by the end of the tournament. Players lag for break.
5. There will be no time outs or coaches in this event. Just put up your shooters and watch them play one rack of pool for all the marbles!
6. Winners: Your running win/loss total will be kept throughout the tournament. Ties broken by your match versus the tied team.
